

EuroNECO - EUROPEAN NAVY ELECTRONIC COMMERCE ONLINE ANNOUNCEMENT

Beginning in June 2001, NRCC will begin posting request for quotes and solicitations estimated at \$10,000 and over on the EuroNECO website at <http://euro.neco.navy.mil>.

Contractors must register at the site in order to search for, view, and download posted solicitations. Registration is free. At the time of registration, you can choose the types of items you are interested in. You will be notified by e-mail when solicitations that match your criteria have been posted to the site. Through this site, you will be able to view any open solicitations that have been issued by the U.S. Navy from activities in Europe, Southwest Asia, and Africa. After downloading the solicitation you will be required to return your quote/offer to NRCC via traditional means as directed in the solicitation.

Access the EuroNECO website at <http://euro.neco.navy.mil>. And click on the link to Request Registration.

The screenshot shows a Netscape browser window displaying the EuroNECO website. The browser's title bar reads "EuroNECO - European Navy Electronic Commerce Online - Netscape". The address bar contains the URL "http://euro.neco.navy.mil". The website header includes the "EuroNECO" logo and the text "European Navy Electronic Commerce Online". Below the header, there is a map of Europe. To the right of the map, there are two text input fields labeled "Entity Name:" and "Password:". Below these fields are "Login" and "Reset" buttons. Further down, there is a link that says "Click here to Request Registration". A large grey arrow points from the right side of the image towards this link.

Complete all information marked with an * on the screen shots shown below. To check to see if you have has a CAGE code assigned, go to the website at <http://www.dlis.dla.mil/CAGESearch/>. If you do not have a CAGE Code, a EuroNECO Administrator will request one for you at the time your account is activated. When your code is received, it will be added to your user profile.

Sign up to receive a daily e-mail listing of posted solicitations (above). This can be customized by site, FSC (for supplies or services), specific description (i.e. husbanding, air, barge, etc) or the CAGE of a prime vendor or OEM.

Solicitations will be posted in Microsoft Word format and will be compressed. Compressing a file saves space on the server and makes uploading and downloading the file much faster. In order to uncompress files to be transferred over the Internet, we suggest downloading either WinZip from <http://www.winzip.com> or PKware from <http://www.pkware.com>.

In the future, you will be able to respond to solicitations through the EuroNECO website and your quotation information will be passed back to NRCC via an EDI transaction.

Our goal is to distribute documents through the EuroNECO website and stop sending out mailed requests for quotes and solicitations by 01 October 2001.

If you need assistance registering on the EuroNECO website, please contact Erica Hartman at e-mail Erica.Hartman@NRCC.Naples.Navy.mil or by phone at +39-081-568-4040 x339.

All required fields are denoted with an asterisk

Description:	Limit your nomenclature description to ONE general purpose character string, i.e. use "crt" for "circuit" or "elec" for "electrical" or "electronic". Avoid using nomenclature strings that buyers may spell in different ways, i.e. do not use "assembly" as the buyers may use "assy" or "assem". Do not use commas, quotes or asterisks.
CAGE:	This 5-digit alphanumeric CAGE code is associated with part numbers, not necessarily your CAGE code. Do not use entire part number (ex. 13489,23489,05433).
